**WHY DO WE HAVE MEMBERSHIP?**

There are two main reasons to become a member: Firstly, according to the portuguese law, if we have a significant number of members, we can legally represent them in housing-related conflicts and also take collective legal action against specific situations. This will enable us to provide better responses to the problems we face on a daily basis and also to gain greater negotiating leverage with landlords and other institutions. The second reason is that we want the organisation to be able to live financially from the contributions of its members, at least in its structural work. Your contribution will allow us to continue and reinforce the work we do in terms of information and propaganda, through leaflets, posters, digital platforms and other logistical costs associated with mobilisation and, in the future, contributing to our own workspace facilities for building the fight for the Right to Housing.
